SPECIAL **COVID-19 UPDATE**
FROM YOUR TEAM AT AAMSI

Useful Resources for Ag Businesses and Employees

In AAMSI's continuing efforts to supply you with useful and updated information to help our clients manage their businesses and protect employees during this pandemic, we are sharing a link we received yesterday from the California Department of Food and Agriculture.

<https://www.cdfa.ca.gov/coronavirus/#WorkerSafety>

This leads to an impressive list of resources and great information on a number of topics ranging from federal assistance programs to how to make food bank donations. Of note is the section on Worker Safety which includes several resources to help guide your workforce policies and educate employees and how they can protect themselves.

Along those lines, the state is making a big push to ensure businesses are complying with COVID 19 guidance and CalOSHA is out in force. The information below was provided by the State Veterinarian to supply animal agriculture operations with some simple outreach materials. They are asking us to share these widely. Spanish versions will be available soon.
